Thanksgiving Dinner Project

You are planning a large Thanksgiving dinner for your family this year. You will need to first, figure out who you want to invite. Then, you will need to plan out what you would like to cook. Third, you will need to figure out how much of each item you are going to need to cook. Next, you will need to go grocery shopping for your ingredients. Afterwards, you will cook your meal. The last step will be set the table for the feast!

How many people will your Thanksgiving feast feed? 6 8 12 16

For your meal, you must make at least 1 meat, at least 3 sides, at least 1 drink, at least 1 bread, and at least 2 desserts.

Circle the dishes that will be on your menu.

| Meats (at least 1) | Side Dishes (at least 3) | Drinks (at least 1) | Breads (at least 1) | Desserts (at least 2) |
